

Underware App License Agreement

By downloading the Font Software you agree to be bound by the terms of the Underware App License Agreement. If you don't agree: don't download, install or use the fonts.

Underware grants you a non-exclusive, non-transferable license to use the Font Software and Documentation, provided that you agree to the following:

ARTICLE 1: USE OF FONT SOFTWARE AND RESTRICTIONS

1-1 MOBILE DEVICES ONLY

You are permitted to use the Font Software in apps on mobile devices. 'Apps' means applications which can be installed on mobile operating systems (iOS, Android, Symbian OS, Windows Phone, etc). It's strictly forbidden to use the Font Software in other formats than provided by Underware.

1-2 EMBEDDING? WELL...

The fonts are only and exclusively to be used within the application on the mobile device. Embedding can be interactive as well as static, the styled text can be modifiable by the reader if required. Embedding of the fonts in other software (for example in Flash, eBooks, @font-face, etc) or devices is not permitted under this App License Agreement, but requires additional licensing. It's prohibited to embed the Font Software in any documents (for example in PDF documents) other than the apps themselves, and it's also prohibited to use the Font Software for other services that are rendering the fonts. Superfluous... it's more than clear that you can't use the fonts for ancillary or derived products.

1-3 DESKTOP INSTALLATION? HELL NO!

This license does not cover the usage of Underware's fonts on a desktop or laptop computer or any use other than expressly permitted herein. In case you want to use the Font Software in a way not permitted by this license, additional licensing is required.

1-4 LICENSED TO 1 ENTITY AND TO 1 APP

Each Underware font is licensed for one (1) entity (either an individual or legal entity), from now on called the Licensee. It's not possible for multiple entities to 'share' one license. Each separate entity needs to acquire its own license. Additionally, the Underware App License is limited to one (1) app. Other apps, as well as derived apps and sequels, need separate and/or additional licensing. The same app on other than mobile platforms need additional licensing as well. The licensee is permitted under the terms of this license to produce, manufacture, distribute, market and/or sell unlimited quantities of this specific app.

1-5 FONTS FILE PROTECTION

You are forced to take appropriate actions to make sure the fonts are only available for the process of styling text in your app. You should for example prevent unlicensed third-party access, for example through obfuscating the font data if necessary. The Font Software shall not be downloadable by any end user for use outside the licensed app (for example an end user downloading fonts for use in Microsoft Word).

1-6 PRODUCT LIMITATION

Visitors and users of the app are permitted to utilize the Font Software within the app, including on virtual objects, avatars or screens within the app, and further, shall be permitted to download, upload, print, display and utilize images from the app that may feature the fonts. However, visitors or users of the

app may not create other products with the app using the Font Software, neither digital nor analog/physical products created with the app (for example business cards, t-shirts or postcards). Visitors or users of the app may not use the products created with the app for logos, and may not create products for sale whose shape is defined by letterforms or artwork generated from your app such as, but not limited to letterform based products, rubber stamps, adhesive letters.

1-7 BACK-UP COPY

Underware grants you the right, exclusively for the purpose of protecting the Font Software and exclusively for yourself, to make one (back-up) copy of the Font Software.

You agree to indemnify and hold Underware harmless from and against any claims or damage which may result from your breach of this License Agreement.
